25X1 1. The large gas turbine ordered during the war by the Bucharest Gas and
25X1 Electric Company [redacted]
25X1 is completed and is at present undergoing tests [redacted] It is an
25X1 open cycle type with an efficiency of about 20 per cent. Date of
25X1 delivery is not yet certain.

comment:

Once the turbine reaches Rumania, it is considered almost certain that
the Soviets will claim it in part payment of Rumania's war debt.)
